

Scope Procedure

A patient presenting to our office with sinus, allergy, throat or voice complaints requires a thorough examination of that specific area. In some cases, this can only be accomplished through the use of an endoscope. This examination is essentially painless and can be performed quickly.

A procedural fee will be submitted to your insurance carrier for this procedure. We will accept your insurance company's allowance for this procedure. You will be obligated to pay any deductible and/or copayments or coinsurances that are applied to this procedure on the claim. (Please note, some insurance companies may list this diagnostic procedure as "surgery" on the remittance advice you receive.)

Please understand that all fees are determined by your insurance company and all patient responsibility fees are based on the contract between you and your insurance company.

By signing below, you acknowledge that you have read the above and agree and understand.
