Scope Procedure

Please be aware that depending on the nature of your specific medical condition and treatment, your physician may perform certain in-office procedures (e.g. nasal endoscopy, laryngoscopy) that are not included in the standard office visit.

This is because, as a highly trained specialist, your physician wants to ensure that all appropriate steps are taken to provide you with the absolute best medical care possible.

These procedures will be billed separately from your visit charges. Depending on your individual insurance policy and carrier, these procedures may be classified as "surgery" and applied to an in-network deductible. In those cases, the amount allowed for the procedure by your insurer will be due from you.

Please be assured that the physicians of Scotch Institute of Ear Nose & Throat always follow strict billing and coding guidelines, and that all procedures are performed in the best interest of you, our valued patient.
